

**MUNNO PARA - Pull Down and Build**

\$129,950

Due to a recent accident, an opportunity has arisen to rebuild on this fantastic level corner allotment. At 765m², this corner block offers plenty of potential with water, power and mains sewer already connected. The property also offers the possibility to subdivide - subject to council consent.

Perfectly located close to major roads and public transport, the property is nestled in a quiet part of Munno Para, yet is close to all amenities and only 5 minutes from Munno Para Shopping centre. A great opportunity at an affordable price!!

Please call Kies for more information.
