

GAWLER EAST

\$349,950

Built in 1960 this solid brick four bedroom home will reap rewards for the right owner. Set on approximately 1700m² with superbly established gardens, with plenty of room for the vegie patch, fruit trees and fantastic workshop. The home has been much loved by the current owners and with some refurbishment this home would comfortably accommodate any large family with room for all. Offering four bedrooms, formal lounge, family room and kitchen/dine. All rooms are of good proportion with wide hallways and high ceilings - the way they used to build them!

In a great location with the potential to reward, call to arrange an inspection.
